**Rules of Behavior**

This computer system is the property of the National Science Foundation (NSF) of the Federal Government. Any system activity may be monitored and any information stored within the system may be retrieved and used by authorized personnel for law enforcement, management, routine system operations, or other purposes. By using this computer system, you are consenting to such monitoring and information retrieval and use.

Unauthorized use of the system, including disclosure of information covered by the Privacy Act or other sensitive information, or attempts to defeat or circumvent security features, is prohibited and could result in disciplinary action, civil and/or criminal penalties. Users should be aware that they have no expectation of privacy when using the NSF provided computer system (including any reasonable media used in conjunction with the system), accessing the Internet, or using electronic mail systems.

All information maintained within or retrievable through the NSF computer system, including electronic mail files, may be reviewed and retrieved by the Department of Homeland Security, NSF officials who have a legitimate reason to do so when authorized by the Director or Deputy Director, or by the Inspector General.

- [ ] I acknowledge the rules of behavior

**Notice**

An agency may not conduct or sponsor, and a person is not required to respond to, an information collection unless it displays a valid Office of Management and Budget (OMB) control number. The OMB control number for this collection is 3145-0248. Public reporting burden for this collection of information is estimated to average 0.5 hours for applicants to register and 12 hours to submit an application, including the time for reviewing instructions. Burden estimates for principal investigators is 0.5 hours to register and 8.9 hours to record admissions decisions and program attendance. Send comments regarding the burden estimate and any other aspect of this collection of information, including suggestions for reducing this burden, to:

Suzanne Plimpton
Reports Clearance Officer
Division of Administrative Services
National Science Foundation
Alexandria, VA 22314

Please note that information provided through the REU Data System will be used for admissions decisions, audits, and research and evaluation purposes. All applicants’ information will be maintained in accordance with the requirements of the Privacy Act of 1974. No personal information will be released to the public.
5. “Your progress” page

Applicants view their progress by selecting “YOUR PROGRESS.”

7. **Demographic information**

Applicants provide demographic information in step 2.

---

**Demographic Information**

NSF seeks to increase participation in its activities among groups that are under-represented in science and engineering, such as women, minorities, people with disabilities, veterans, and others.

Help NSF measure progress in achieving this goal by providing the demographic information requested below. Collection of this information is authorized by the NSF Act of 1950, as amended.

Providing demographic information is voluntary and is not a precondition of award. On grounds of race, color, age, sex, national origin or disability, no person shall be excluded from participation in, be denied the benefits of, or be subjected to discrimination, under any program or activity receiving financial assistance from NSF.

Please provide the following information about yourself.

10. Site selection

Applicants select the Sites to which they will submit applications in step 5.
11. Application materials

Applicants submit additional application materials and information in step 6.
11. References

Applicants submit contact information for two references.

Letters of Reference

You must obtain two letters of reference to complete your application. Your letters of reference are due by the last day of your selected REU Sites’ application period. These letters of reference will be shared with all REU Sites to which you apply.

To request a letter of reference:

1. Enter contact information below for two individuals who will provide letters of reference for you. Click the “Save” button once you have completed all fields for an individual.

2. Click the “Send Email” button. The system will send an email to your referee requesting that they fill out a short reference form online. We strongly encourage you to alert the individuals that they will receive an email from noreply@nsfreu.org asking them to fill out a reference form and provide the deadline.

To send a referee a reminder email: You may send each individual referee a reminder email by clicking the “Send Email” button. The system will disable the button if a referee has been emailed within the previous 24 hours.

To select a new referee after sending an initial invitation:

1. If a reference form has not been submitted, you may select a new referee. To do so, click the “Delete Reference” button. When you delete a referee, their online reference form will be disabled and they will receive an email notifying them you have withdrawn your request for a letter of reference.

2. Repeat the steps outlined in “To request a letter of reference.”

12. **Certify and submit**

Applicants certify that the information provided is accurate and submit their applications in step 7. If information is missing or failed to pass validation checks, applicants will use this page to return to the flagged sections and make corrections.
If there are no errors, applicants can submit the application(s).
B. Common application screenshots: Principal Investigator module

The purpose of this document is to demonstrate how REU Site Principal Investigators (PIs) register their Site in the REU Data System to enable students to apply to their Site through the common application. Other users authorized by PIs to access the system on their behalf should follow the same instructions.

1. Home page

Users access general information about the program and the application process through the home page.
2. Login page

PIs select “register” under the “Principal Investigators/Designees” header to create an account.
3. **Create an account**

PIs enter personal information to set up an account.

**Registration**

**First Name**

**Middle Name**

**Last Name**

**E-mail Address**

**Password**

**Confirm Password**

Password length must be between 8 and 20 characters. The password must meet the following requirements:

1. At least one lowercase letter
2. At least one capital letter
3. At least one number
4. At least one of the following special characters: #, $, %, @, (, )

I understand that all personally identifiable information stored in the REU Data System will be treated as confidential. Read more about the [nondisclosure agreement](#) governing the use of this system.
As a principal investigator or designated user with access to the Research Experiences for Undergraduates Program Data System (REU Data System), I will have access to information submitted by students to apply to participate in the REU Program. The data system includes a registration and a common application that collect personally identifiable information and produce aggregate statistics.

I understand that all personally identifiable information stored in the REU Data System will be treated as confidential. By using the REU Data System, I also understand and agree to the following:

- I will be accessing confidential information protected under the Privacy Act of 1974.
- I will be subject to laws governing confidentiality of federal agency records, violation of which carries severe penalties.
- My access to confidential information could be monitored.
- I will access and use only the confidential information necessary to conduct work related to the REU Data System and REU Program at my site.
- I will not attempt to access information regarding myself, my employer, my college or university, my colleagues, collaborators, associates, or any other persons or organizations except as necessary to conduct my work on the REU Data System and REU Program at my site.
- I will not use confidential information for any purpose other than to perform my duties in the REU Program.
- After downloading personally identifiable information from the REU Data System, I will protect the information I include controlling access only to myself or others in my organization with a business need to know, encrypting the information in transit and at rest, and destroying the information when no longer needed to perform my duties in the REU Program.
- I will not disclose to any unauthorized person or organization confidential information from the REU Data System.
- Violation of these rules may result in the imposition of administrative sanctions and future ineligibility for federal grants, and may be punishable under the Privacy Act, 5 USC 552a, the Trade Secrets Act, 18 USC 1951, or other laws.

If I do not understand any of these conditions, or if I have any questions about them now or in the future, I will discontinue use of the REU Data System and contact the NSF Freedom of Information Act and Privacy Officer, or an assistant general counsel, in the National Science Foundation General Counsel's Office - Room 1265, (703) 292-8060.
4. **Rules of behavior and notice**

9. REU site applications and admissions

PIs record admissions decisions.

REU Site Applications and Admissions

The table below shows the applicants to your REU Site. Please indicate whether they were admitted to your program and whether they accepted your offer to participate. Note that the system does not inform applicants of the decisions recorded in this table. You will need to communicate your admissions decisions to applicants directly.

REU IDs are required for all applicants. Please do not review any application without an REU ID. If you receive an application without an REU ID, remind the applicant to first go to https://www.nsfreu.org/register to obtain his/her REU ID.

To upload information for multiple applicants, please click “Edit Multiple Applicants.”

Admission Decision Codes

- **Admitted**: Applicant was accepted into the program.
- **Rejected**: Applicant was not accepted into the program.
- **Waitlisted**: Applicant will be made an offer if a slot becomes available (for example, when an admitted student declines an offer). If a waitlisted student is ultimately made an offer, please update the admission decision to “admitted.”
- **Not reviewed**: Applicant’s information was not reviewed (for example, when an application is late and is not considered for admission).

Applicant Decision Codes

- **Accepted**: Admitted student accepted your offer to join your program this summer. If a student accepts an offer but later withdraws the application for any reason, please update the applicant decision to “Declined”
- **Declined**: Admitted student declined your offer to join your program this summer or has not responded to your offer.
Users click “edit multiple applicants” to edit applicant information in bulk.
Add/Edit Multiple Applicants

Step 1: Download applicant file
Download all applicants displayed on the Applicants tab by clicking the download file button. File is a .CSV file, viewable and editable in Excel, Google Sheets or similar spreadsheet applications.

Step 2: Update the downloaded file
Any applicant information can be edited in the spreadsheet and uploaded. New applicants can also be added directly to the spreadsheet and uploaded. Once you are finished updating information in the spreadsheet, return to this screen to upload the updated file.

Step 3: Upload the file
File must be in .CSV format.

Note: Uploading this file will add new applicants to the table but will not delete any REU IDs currently displayed on the applicant table. To add new applicants, the only element that is needed in the file is REU ID.

Uploading this file will replace information (admissions and acceptance decisions) on existing applicants currently displayed on the applicants table. This action cannot be undone, but if necessary you can contact REUhelp@mathematicampr.com to attempt to retrieve prior data.

Please be sure your file does not contain more than one record for a given REU ID. Updates associated with these duplicate records will not be applied to your applicants table.

10. **REU Site participants**

PIs indicate whether accepted applicants participated in the REU program at their Site in 2019.

**REU Site Participants**

The table below shows the names of the applicants whom you previously identified as having accepted your offer to participate in the REU program at your Site. Please confirm that they participated and indicate how they were funded.

**Participant Status Codes**

- **Participant**: The student completed at least 160 hours of the REU experience. Please indicate whether participant is fully, partially, or not funded with funds from the NSF REU program.
- **No show**: The student did not come to the Site when the program started or withdrew from the program before it started.
- **Dropout**: The student attended the program but did not complete at least 160 hours of participation. Use this code for rare instances where a student had to discontinue attendance due to personal or disciplinary reasons.
